WELCOME TO SAPHNELO® SUPPORTS

We want you to feel confident that SAPHNELO® Supports is a program that can help **answer the questions** you might have now that your healthcare provider has prescribed treatment with SAPHNELO® (anifrolumab-fnia). AstraZeneca Access 360™ is one part of SAPHNELO® Supports that helps answer your questions about **insurance coverage** and **paying for SAPHNELO out-of-pocket costs**.

We can answer your questions about:

Making your medicine
more affordable

Insurance coverage

Out-of-pocket costs

Contact SAPHNELO® Supports to learn more

MEET YOUR PATIENT ACCESS NAVIGATOR— THEY'LL BE WITH YOU ALONG THE WAY

Connect with your Patient Access Navigator

Once you are prescribed SAPHNELO® (anifrolumab-fnia) and enrolled in SAPHNELO® Supports, your AstraZeneca Patient Access Navigator will reach out to you.

Coverage and insurance authorization

Your Patient Access Navigator and healthcare provider will confirm whether SAPHNELO is covered by your insurance and if your plan requires an insurance authorization before starting on SAPHNELO.

Getting your medicine

When your prescription gets approved, your Patient Access Navigator will let you know where you'll get your medicine.

There are 3 options:

- Your doctor's office
- An infusion center
- Filled at a specialty pharmacy and delivered to your doctor's office or an infusion center

Your Patient Access Navigator can answer questions about:

Insurance coverage

- Will my insurance cover SAPHNELO?
- How will my medicine be sent every 4 weeks?
- Does it require insurance authorization?

Out-of-pocket costs

- How much will SAPHNELO cost?

Affordability resources

- What can I do if I can't afford SAPHNELO?

This may be the first time getting your medicine requires these steps, but that's okay. Together, we can help you get the medicine you have been prescribed.

FOR PATIENTS WITH PRIVATE/COMMERCIAL INSURANCE

GET HELP PAYING FOR YOUR MEDICINE: SAPHNELO PATIENT SAVINGS PROGRAM

We don't want cost to get in the way. If you have commercial insurance,* you may be able to get SAPHNELO® (anifrolumab-fnia) for as little as \$0.†

IF SAPHNELO IS APPROVED

If you are approved by your health insurance plan to get SAPHNELO, most eligible patients will pay as little as \$0 per month and may have access to up to \$16,500 per year to assist with SAPHNELO out-of-pocket costs.

To be eligible for the SAPHNELO Patient Savings Program, you must:

- Have commercial insurance*
- Have SAPHNELO approved by your insurance plan

Pay as
little as
\$0
for SAPHNELO

Note

- The SAPHNELO Patient Savings Programs cover the cost of the drug and its administration,‡ but do not cover costs for office visits
- There are no income requirements to participate in the programs
- Offers are invalid for claims and transactions more than 365 days from the date of service

Full details are included in Terms of Use section on following page.

*Commercial health insurance is insurance that you get through your employer or through the Health Insurance Marketplace. It does not include Medicare or Medicaid.

†Patients with commercial health insurance receive up to \$16,500 per calendar year in assistance for out-of-pocket expenses.

‡Patients who are residents of Massachusetts or Rhode Island are not eligible for infusion training assistance.

Please see Important Safety Information on page 11 and full Prescribing Information, including Patient Information.

IF SAPHNELO IS DENIED

If SAPHNELO is denied by your insurance, please work with your healthcare provider, who can submit an appeal for you. If the appeal is denied, you may be eligible for the SAPHNELO Denied Patient Savings Program (DPS). The program can provide up to 26 fills or 2 years of free product to eligible patients who are denied coverage by their insurance company.

Eligibility requirements include*:

- New to SAPHNELO
- Prescribed SAPHNELO for FDA-approved use

Ask your doctor to contact AstraZeneca if you get a denial letter from your insurance company. Your doctor will have to send information to AstraZeneca to qualify you for this program.

SAPHNELO PATIENT SAVINGS PROGRAM TERMS OF USE

Eligible commercially insured patients with a valid prescription for SAPHNELO® (anifrolumab-fnia) who enroll in this program may pay as little as \$0 per administration of SAPHNELO dependent upon patient's prescription coverage of SAPHNELO.

SAPHNELO Savings Program—If SAPHNELO is covered by the health plan:

- Up to \$16,500 per calendar year in assistance for out-of-pocket expenses
- The out-of-pocket costs covered by the program can include the cost of the product itself, the cost of infusion administration (program maximum of \$150 per infusion administration).^{*†}
- Other restrictions may apply. Patient must be enrolled in the program before use. If you have any questions regarding the offer, please call 1-866-SAPHNELO (1-866-727-4635).
- Offer is invalid for claims or transactions more than 365 days from the date of service.

Other restrictions apply. Patient is responsible for applicable taxes, if any. Non-transferable, limited to one per person, cannot be combined with any other offer. Void where prohibited by law, taxed, or restricted. Patients, pharmacists, and prescribers cannot seek reimbursement from health insurance or any third party for any part of the benefit received by the patient through this offer. AstraZeneca reserves the right to rescind, revoke, or amend this offer, eligibility, and terms of use at any time without notice. This offer is not conditioned on any past, present, or future purchase, including refills. Offer must be presented along with a valid prescription for SAPHNELO at the time of purchase. Program covers the cost of the drug, infusion administration,^{*†} and does not cover the costs for office visits or any other associated costs.

^{*}Patients are responsible for any cost associated with the infusion administration above the \$150 per infusion administration provided by the program.

[†]Patients who are residents of Massachusetts, Michigan, Minnesota, or Rhode Island are not eligible for infusion administration assistance.

SAPHNELO PATIENT SAVINGS PROGRAM

TERMS OF USE (CONT'D)

If you meet the Copay Savings program eligibility criteria but SAPHNELO® (anifrolumab-fnia) is not covered by your health plan, you may qualify for the Denied Patient Savings Program.

Denied Patient Savings Program Eligibility: Patient must meet all savings program eligibility criteria in addition to the following criteria:

- A Prior Authorization denial and Prior Authorization appeal denial by your health plan are required
- SAPHNELO must be prescribed for on-label use

Denied Patient Savings Program—If SAPHNELO is NOT covered by the health plan:

- Prescription fills for up to 24 months from the date of the initial prescription
- This program is only administered by approved specialty pharmacies
- Program support includes periodic Benefits Investigation to identify potential changes in patient coverage. If a change in coverage is identified, the prescriber will be contacted to initiate a new Prior Authorization for the patient. If the Prior Authorization is approved, the patient will transition to coverage via their insurance benefits

BY USING THIS PROGRAM, YOU AND YOUR PHARMACIST AND/OR PHYSICIAN UNDERSTAND AND AGREE TO COMPLY WITH THESE ELIGIBILITY REQUIREMENTS AND TERMS OF USE.

OTHER AFFORDABILITY OPTIONS

If you are not eligible for the Patient Savings Program, AstraZeneca Access 360™ can connect you with independent patient assistance foundations that may be able to help you with out-of-pocket costs. However, AstraZeneca Access 360 can't guarantee support from those foundations.

To learn more, contact AstraZeneca Access 360 or visit
<https://www.astrazeneca-us.com/medicines/Affordability.html#add>

AZ&Me™ is designed to help qualifying patients without insurance and those on Medicare who are having trouble affording their AstraZeneca medications. For patients who qualify for the program:

- There is NO cost to sign up for the program
- Once enrolled, you remain enrolled for up to 1 year
- At the end of the year, you can reapply if you still require assistance
- While enrolled in the program, your medication would be delivered to your doctor's office

More information is available at www.azandme.com,
or call 1-800-AZandMe (1-800-292-6363).

FREQUENTLY ASKED QUESTIONS

WILL MY INSURANCE COVER SAPHNELO?

Once you have been prescribed SAPHNELO® (anifrolumab-fnia) and enrolled in SAPHNELO® Supports, an AstraZeneca Access 360™ Patient Access Navigator can conduct a detailed benefits investigation to determine your coverage. Just have your insurance information handy and call **1-866-SAPHNELO (1-866-727-4635)** to speak to someone today.

HOW MUCH WILL SAPHNELO COST ME?

The cost of SAPHNELO will depend on your insurance plan. To learn more, please talk with your Patient Access Navigator. Call **1-866-SAPHNELO (1-866-727-4635)** to get connected with the help you need.

WHAT IF I CAN'T AFFORD SAPHNELO?

AstraZeneca is here to help. We know how important your treatment with SAPHNELO is, so we'll work with you to try to get you the medicine you need. We offer several options to help eligible patients pay for SAPHNELO, and you can find more information on page 9 or download the Affordability Brochure here for more information.

HOW DO I GET THE ASTRAZENECA ACCESS 360 RESOURCES THAT WERE SHOWN IN THIS GUIDE?

Please click [here](#) or call **1-866-SAPHNELO (1-866-727-4635)** to enroll in AstraZeneca Access 360 and use the resources we have available.

WHAT IS THE DIFFERENCE BETWEEN ASTRAZENECA ACCESS 360 AND SAPHNELO® SUPPORTS?

SAPHNELO® Supports encompasses all of the resources available to help you through your treatment process. AstraZeneca Access 360 is a part of SAPHNELO® Supports, and can help you find information about coverage, costs, and affordability programs.

WHAT SHOULD I DO IF MY INSURANCE CHANGES?

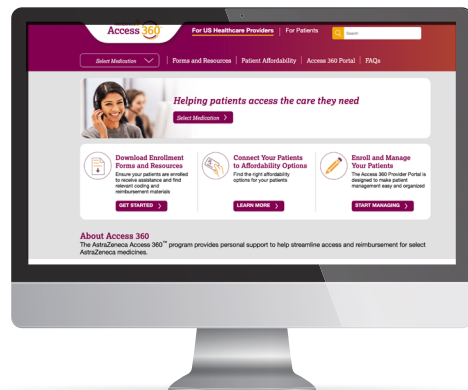

If your insurance plan changes, talk with your provider and Patient Access Navigator. Having different insurance could impact the amount that you pay for SAPHNELO. However, with your new insurance, you may still have options to help cover prescription costs—please download the Affordability Brochure here for more information.

WHAT IF I HAVE A QUESTION THAT WASN'T ANSWERED IN THIS BROCHURE?

For any questions you might still have, call **1-866-SAPHNELO (1-866-727-4635)** to get connected with additional help.

IMPORTANT SAFETY INFORMATION

What is SAPHNELO?

SAPHNELO is a prescription medicine used to treat adults with moderate to severe systemic lupus erythematosus (SLE or lupus) who are receiving other lupus medicines.

It is not known if SAPHNELO is effective in patients with severe active lupus nephritis or severe active central nervous system lupus. It is not known if SAPHNELO is safe and effective in patients under 18 years of age.

IMPORTANT SAFETY INFORMATION

- **Do not use SAPHNELO** if you are allergic to anifrolumab-fnia or to any of the ingredients
- **Before you receive SAPHNELO, tell your healthcare provider about all of your medical conditions, including if you:**
 - think you have an infection or have an infection that keeps coming back
 - are scheduled to receive a vaccination or if you think you may need a vaccination. You should not receive live vaccines during treatment with SAPHNELO
 - have or have had cancer
 - are receiving other biologic medicines or monoclonal antibodies

- are pregnant or plan to become pregnant. It is not known if SAPHNELO will harm your unborn baby. Tell your healthcare provider if you are, might be, or plan to become pregnant during treatment with SAPHNELO
- A pregnancy exposure registry monitors pregnancy outcomes in women exposed to SAPHNELO. You can find out more information about the registry by calling AstraZeneca at 1-877-693-9268
- are breastfeeding or plan to breastfeed. It is not known if SAPHNELO passes into your breast milk

Tell your healthcare provider about all the medicines you take, including prescription and over-the-counter medicines, vitamins, and herbal supplements. SAPHNELO may affect the way other medicines work, and other medicines may affect how SAPHNELO works.

SAPHNELO may cause serious side effects, including:

- **Serious infections:** SAPHNELO can lower the ability of your immune system to fight infections. You may be at a higher risk of developing respiratory infections and shingles (herpes zoster) during treatment with SAPHNELO. Infections could be serious, leading to hospitalization or death

- **Allergic (hypersensitivity) reactions**, including anaphylaxis: Serious allergic reactions can happen during or after you get your SAPHNELO infusion. Tell your healthcare provider or get emergency help right away if you have any of the following symptoms of a serious allergic reaction:
 - swelling of your face, mouth and tongue
 - breathing problems
 - fainting, dizziness
 - feeling lightheaded (low blood pressure)
- **Cancer:** SAPHNELO may reduce the activity of your immune system. Medicines that affect the immune system may increase your risk of certain cancers

The most common side effects of SAPHNELO include:

- Upper respiratory infections
- Bronchitis
- Infusion reactions
- Shingles (herpes zoster)
- Cough

Infusion reactions can happen at the time of the infusion or shortly after, symptoms may include headache, nausea, vomiting, feeling tired or weak (fatigue), and dizziness.

These are not all of the possible side effects of SAPHNELO. Call your healthcare provider for medical advice about side effects.

Please see full Prescribing Information, including Patient Information.

You may report side effects related to AstraZeneca products.
