Maximum Savings Limit, Total Program Benefit, Benefits May Change, End or Vary: The program provides up to a **Maximum Savings Limit** of assistance to reduce a patient's out-of-pocket medication

costs that AstraZeneca will provide per patient for each calendar year, which must be applied to the patient's out-of-pocket costs (co-pay, deductible, or co-insurance). **Total Program Benefit** amounts are unilaterally determined by AstraZeneca in its sole discretion and will not exceed the Maximum Savings Limit. The Total Program Benefit may be less than the Maximum Savings Limit, depending on the terms of a patient's plan, and may vary among individual patients covered by different plans, based on factors determined solely by AstraZeneca, to ensure all programs funds are used for the benefit of the patient. Each patient is responsible for costs above the Patient Total Program Benefit amounts.

Some prescription drug plans have established programs referred to as 'co-pay maximizer' or 'co-pay accumulator' programs. Co-pay maximizer and co-pay accumulator programs are ones in which the amount of the patient's out-of-pocket costs is adjusted to reflect the availability of support offered by a co-pay support program. Patients enrolled in co-pay maximizer or co-pay accumulator programs may receive varied program benefits to ensure the program funds are used for the benefit of the patient.

AstraZeneca will monitor program utilization data and reserves the right to vary or discontinue program benefits at any time if AstraZeneca determines that patients are subject to a co-pay maximizer or co-pay accumulator program. Any potential program re-enrollment may be subject to similar program restrictions based on patient's prescription drug plan.

AstraZeneca reserves the right to rescind, revoke, or amend this offer, eligibility, and terms of use at any time without notice. This offer is not conditioned on any past, present, or future purchase, including refills. Offer must be presented along with a valid prescription at the time of purchase. The out-of-pocket costs covered by the program can include the cost of the product but does not cover the costs for office visits or any other associated costs.

BY USING THIS PROGRAM, YOU AND YOUR PHARMACIST AND/OR PHYSICIAN UNDERSTAND AND AGREE TO COMPLY WITH THESE ELIGIBILITY REQUIREMENTS AND TERMS OF USE.
